**All Video Joiner** can help you join multiple AVI, DivX, MP4, iPod, PSP, Zune, Mov, MPEG, or WMV/ASF files into one large movie file. You can add an unlimited number of video files to the list and easily rearrange their order if needed. The Other Software only can join the video files of the same type. But All Video Joiner can join several different types of video files to a large file in type of AVI, DivX, MP4, iPod, PSP, Zune, Mov, MPEG, WMV, or ASF. Also you can see and hear the preview of your files directly in All Video Joiner. With just a few mouse clicks, you can enjoy your movie clips without interruption.
