Digital Video Express (DivX) is a digital video compression format based on the MPEG-4 technology. DivX files can be downloaded over high-speed lines in a relatively short time without sacrificing the quality of the digital video. Often used on the Internet to exchange video files.Originally developed for DVD encoding , DivX has become the internet video format of choice for high-quality productions. As the name suggests this is a handy and easy to use tool for all your DivX video conversion needs. The tool has ease and simplicity in converting **DivX Video** into **mpeg (vcd standard format)**. With simple interface, excellent conversion with speed and accuracy makes the tool stand out of the crowd.. It also can convert **AVI, XVID, RM, RMVB, MOV, WMV, WMA, MP3, MP4, VOB, SWF**to **mpeg (vcd standard format)**
