AVCWare iPhone Ringtone Maker, a smart iPhone ringtone creator and uploader, provides an all-in-one iPhone Ringtone solution. With the iPhone ringtone converter, you can create your own M4R iPhone ringtones from all mainstream video/audio formats including AVI, MPEG, WMV, DivX, MP4, H.264/AVC, AVCHD, MKV, RM, MOV, XviD, 3GP, WMA, WAV, RA, M4A, MP3.

Not only a ringtone maker, this program is but also an ringtone uploader to transfer the converted ringtone to iPhone directly without iTunes after conversion if you want, as well as transfer ringtone to iTunes for backup. Furthermore, AVCWare iPhone Ringtone Maker lets you clip any music segment from any video/audio file, add fade-in effect, and turn it into iPhone ringtone with ease.

Create iPhone ringtone for iPhone, iPhone OS 3.0, iPhone 3G, and iPhone 3GS with AVCWare iPhone Ringtone Maker now, assign a unique iPhone ringtone for every acquaintance, and recognize who is calling effortlessly!

Key Features

Convert music file like MP3 to iPhone ringtone (iPhone OS 3.0 and iPhone 3GS supported)
With the iPhone ringtone converter, any music file you love can be converted to ringtone for iPhone due to the support for a wide range of music formats like MP3, WMA, WAV, M4A, etc.

Make iPhone ringtone from video
Love the music in the movie and want it as ringtone? The iPhone ringtone maker can make it. Any video formats are supported: AVI, MPEG, WMV, DivX, MP4, H.264/AVC, AVCHD, MKV, RM, MOV, XviD, 3GP, etc.

Transfer ringtones to iPhone or iTunes directly
After conversion, AVCWare iPhone Ringtone Maker can add the converted ringtone into your iPhone directly without iTunes, thus you can hear the featured ringtone when your friends call you. Adding converted ringtone to iTunes is supported as well.

Customize ringtone duration
If you just love a clip in a music file, this iPhone ringtone converter helps you set exact start time and end time of the segment you want and turn it into iPhone ringtone.

Add fade-in effect
Add fade-in effect to your iPhone ringtone, customize fade-in time and make iPhone ringtone of your own.

Music player for pre-listening
A built-in music player is available for you to pre-listen source video/audio file before converting.

Easy to use iPhone Ringtone Maker
Making iPhone ringtone from your favored video/music file is so easy: add file and convert!

Multi-language iPhone Ringtone Converter
Support four interface languages: English, German, Japanese and Chinese.
