AVS DVD Copy is a most convenient and demanded software to make DVD copies, create DVD discs for home DVD Players and perform other burning tasks. Copy genuine movies in the original, Hollywood-like quality, give new life for corrupted DVD discs, write Blu-Ray/DVD/CD data discs, make ISO Image of your movies and burn it later whenever you want, as many times, as you need. AVS DVD Copy supports wide range of media types (CD-R/RW, DVD+/-R, DVD+/-RW, DVD-RAM, Double/Dual Layer DVD and the latest Blu-ray technology BD-R and BD-RE) and CD/DVD drives. With simple and intuitive interface you can perform all tasks quickly and easily.

Key Features

Quick DVD Copy

Copy personal home video in the original quality. Make a quick 1:1 copy with only 2 button clicks. Easy as 1 2 3!

Multiple Copy Modes

Select what to copy: only the video or the entire personal DVD together with menus. No audio and video quality loss!

Fit to Disc Feature

AVS DVD Copy automatically sets the best video and audio settings and compress DVD to fit the disc if the size is too large!

Various Source and Target:

Copy from DVD disc or DVD folder on computer hard disk and burn DVD disc.

Wide Range of Supported Media Types:

CD-R/RW, DVD+/-R, DVD+/-RW, DVD-RAM, Double/Dual Layer DVD.

Wide Range of Supported CD/DVD Drives
