Get two great products at one great price! Corel® Paint Shop Pro® Photo X2 Ultimate is dynamic photo-editing software that's loaded with easy, automatic photo fixing tools and professional editing controls. Corel® VideoStudio® Pro X2 is powerful video-editing software for creating standard and HD movies to share on DVD, Blu-ray Disc®, iPod® and YouTube™.

The **Photo & Video Bundle** gives you everything you need to edit photos and videos like a pro. Remove flaws, organize and enhance your photos, and turn your favorite shots into creative projects for sharing with Paint Shop Pro Photo X2 Ultimate. Turn video clips you capture from handheld devices, digital cameras and HDV, AVCHD™, Blu-ray Disc and JVC® HD camcorders into stunning movies, complete with animated menus, music and special effects, with VideoStudio Pro X2. You can even edit photos with Paint Shop Pro and then import them into VideoStudio to create stunning slide shows and custom menus!

- A complete digital photo and video editing package
- Professional-quality video solution
- Full-featured digital photo editor
- Easy to use for quick results right out of the box
- Valuable extras included

Key Features

Paint Shop Pro Photo X2 Ultimate

View, organize and edit photos quickly

- Rotate, resize, crop, straighten and remove red eye fast in Express Lab mode
- Import photos automatically, including raw images
- View thumbnails of all images on your hard drive
- Tag photos with keywords for easy reference
- Search for photos by filename, folder name, keyword tag, caption text or image metadata

Retouch your photos like a pro

- Retouch with unique makeover tools to look your best in photos you post online

-
- Whiten teeth, smooth wrinkles and remove blemishes with a few clicks
 - Edit quickly with easy tools
 - Cover distractions or remove unwanted objects
 - Change the color of anything in your photo
 - Remove noise, grain or discolorations

Enhance with professional tools

- Combine exposures to get full details in highlights and shadows
- Simulate black & white film or convert to sepia
- Adjust levels, curves or histogram settings
- Fix brightness, color, contrast, saturation and sharpness
- Experiment with more advanced editing tools by fine-tuning details on your own

Create and share one-of-a-kind photo projects

- Give photos a unique look with vintage and artistic effects
- Simulate the look of film using vivid, glamour and vibrant foliage filters
- Decorate your favorite photos with Picture Frames and Picture Tubes™
- Use layers to add drop shadows, glows, reflections and embossing to your images
- Design scrapbook pages, cards and collages to share with friends and family

VideoStudio Pro X2

Enjoy a complete video solution

- Capture video and photos in HD or standard definition from camcorders, the Internet, TV, digital cameras and mobile devices
- Personalize video and slide shows with a full set of editing tools
- Create DVDs with stunning animated Hollywood-style menus
- Output movies to HD or standard formats, including Blu-ray Disc, AVCHD™, DVD, mobile devices or YouTube

Get started quickly with easy-to-use tools

- Create vibrant videos with the flexible user interface, clearly defined icons and guided workflow
- Quickly produce professional-looking movies or photo slide shows with the Movie Wizard
- Burn video straight to disc with the DV-to-DVD Wizard - the fastest way from tape to DVD

Add more impact with powerful tools

- Create sophisticated picture-in-picture and montage effects with transitions on overlay tracks
- Apply audio/video cross-fades quickly and accurately by simply Overlapping clips
- Create animated titles and add color backgrounds in a variety of styles
- Encode Dolby Digital® 5.1 Surround Sound audio tracks with one click, using standard stereo audio
- Improve video with automatic color and tone correction

Take full creative control

-
- Paint, draw or write freehand on video with the new Painting Creator
 - Make photo slide shows come to life with Auto Pan & Zoom that automatically recognizes faces
 - Replace any color background with effective Chroma Key tools
 - Create sophisticated DVD menus with unique disc menu transitions
 - Jumpstart your creativity with 100s of effects filters and content like overlay frames, objects and Flash™ animations
 - Make your video look like old film with NewBlue® Film Effects filters

Enjoy end-to-end HD support

- Import video in leading HD formats, including HDV, AVCHD and Blu-ray Disc
- Edit smoothly and efficiently with unique Smart Proxy
- Encode fast with dual-core and quad-core CPUs, in the latest formats like H.264
- Author Blu-ray and AVCHD discs with sophisticated menus
- Watch DVDs and AVCHD movies with Corel® WinDVD®
