Why choose WinDVD?

- Play the latest Hollywood blockbuster DVDs or AVCHD™ home movies
- Watch crystal-clear video
- Experience the crisp sound and booming effects of Dolby® Digital Sound
- Watch movies on the go with battery optimization for your laptop
- Play movies in popular audio and video formats

Bring the ultimate movie experience to your PC with **Corel® WinDVD® 11**, the world's leading DVD player software. Watch movies on your home theater system, desktop or laptop, and enjoy crystal-clear pictures with crisp, theater-like surround sound. Plus, take your movies on the go with laptop features that make sure your batteries don't run out.

Expanded 3D playback support & 3D glasses included *(Pro only)*

Experience 3D your way with WinDVD Pro 11! With leading 3D technologies such as Frame Sequential and Polarization 3D playback, plus support for NVIDIA® 3D Vision™ Shutter Glasses and XpanD™ Polarized Glasses, you have many different ways to watch 3D movies. The box version comes with a free pair of anaglyph glasses.

New integrated online movie search engine *(Pro & Standard)*

Quickly search premium movie content and find the best prices amongst popular movie sites*. The new Corel® FlixFinder™ lets you browse videos by category, compare prices and bookmark your favorites. Exclusive to WinDVD Pro 11!

Key features

WinDVD 2010 delivers the best Blu-ray and DVD playback performance on your PC. Immerse yourself in the true HD experience and radically enhance your viewing pleasure. Rich color. Sharp contrast. Crisp, booming sound. Lifelike detail. Once you go HD, there's no turning back!

Superior Audio and Video Playback
Bring the movie theater experience to your PC with Dolby Digital® audio support for both standard-definition DVD-Video and high-definition AVCHD.

Instant Preview
When your tiny camcorder or digital camera screen just won't cut it, playback your video clips right on your PC. Just plug in your camera for an instant preview!

Personalized Bookmarks
Insert a bookmark to tag your favorite scenes or pick up a movie where you left off.

Capture Images from DVDs
Take a snapshot or record video clips of memorable scenes, then share them with your friends via email.

Broad Video Format Support
Play the most common video types, including DVD-Video, QuickTime®, Windows Media® and AVCHD.

Battery Optimization for Laptops

Watch your entire movie without worrying about running out of battery power.

WinDVD 2010—the best-quality video and DVD playback software for your PC.
