Create DVD, VCD, or PC slideshows from your photos, videos, and music - and burn them directly to a disc. Your family and friends can play your slideshow discs on their TV with a DVD player, or on their computer. With **DVD PixPlay**, you'll create personalized discs that are as easy to use as an ordinary DVD. With more than 40 image motion effects and 160 transition effects, you can send your friends and family thoughtful keepsakes that they will cherish forever.

Key Features

- View your favorite digital photos and videos on your TV
- Or on your computer as an auto-playing slideshow
- Add audio files as background music or your own voice for a commentary [Click to see Screen Shot](#)
- Add excitement to your slideshow with more than 50 image motion and 180 transition effects [Click to see Screen Shot](#)
- Spice up your photos with hundreds of clip art (such as Santa hats and speech bubbles)
- Use any image files (JPEG, GIF, BMP, PNG...), raw camera images (CRW, NEF...), common sounds (MP3, WMA, WAV...) or video files (AVI, MPEG...)
- Burn directly to a CD, DVD or Blu-ray disk (for playback in most DVD players, VCD players and computers) [Click to see Screen Shot](#)
- Easily create a DVD menu and burn multiple slideshows to a single disk [Click to see Screen Shot](#)
- Easily create title pages from many style templates [Click to see Screen Shot](#)
- Convert a PowerPoint presentation for playback on a DVD player
- You can also output video files (AVI, MPEG, etc) to DVD or VCD
- Retrieve images directly from a digital camera or scanner
- Preview your slideshow on your computer before you burn
- Add captions to your photos or automatically use your descriptions from Smart Pix,

MegaView, Picasa, PhotoShop, etc. [Click to see Screen Shot](#)

- Powerful photo editing, including cropping, red-eye removal and automatic rotation of camera photos [Click to see Screen Shot](#)
- Output formats: DVD, VCD, SVCD, XVCD, XSVCD, MPEG, MP4, WMV and AVI (DivX, Xvid, YouTube compatible), with NTSC, PAL and Widescreen support

system requirements

- Os: Win95, Win98, WinME, WinNT 3.x, WinNT 4.x, WinXP, Windows2000, Windows2003
- Pentium 500, 10 MB HDD, 512 MB RAM, CD or DVD Burner
