### Why choose Passkey for Blu-ray?

- Rip and convert 2D DVD/Blu-ray to 3D video
- Convert 2D video in various formats to 3D video
- Output 3D video can be AVI, MP4, MKV, FLV, M2TS, or TS

**Passkey for Blu-ray** is powerful in decryption. Any copy protections and region code are in no mean any barriers in front of it.

With the help of Passkey for Blu-ray, you can use other compatible software to access any Blu-ray content, to copy, clone, burn, etc. And you have absolute freedom to view Blu-ray without any region trouble.

Passkey for Blu-ray uses a server based system for decryption, and new decryption data will always be added on the server. No need to worry about new Blu-ray protections.

### Key Features:

#### Unprotect any Blu-ray

Passkey for Blu-ray can remove all known AACs and BD+ copy protections, Region Code, BD-Live, UOPs, MKB V18 and newest MKB V19 for Blu-ray.

#### Make your playback software multi-region

Passkey for Blu-ray has the ability to let you change region setting of popular Blu-ray players with a single click. It makes your playback software essentially "region free" or more accurately "multi-region".

#### Enjoy any Blu-ray with no third party's help

Passkey for Blu-ray lets you enjoy any Blu-ray without HDCP-compliant graphics card and without HDCP-compliant display.

#### Use compatible software to access unprotected Blu-ray

You are allowed to use software compatible with Passkey for Blu-ray to access unprotected Blu-ray content for copy, clone, burning, etc. And Passkey for Blu-ray has been tested to work with (not limited within):

1. [DVDFab Blu-ray Copy](#)
2. [DVDFab Blu-ray Ripper](#)
