DVDZip Pro is the most powerful DVD Video and Audio Converter software! DVDZip Pro combines the convenience of DVDZip with the power of DVDZip Lite. Rip DVD VOB IFO to MP4 , Youtube, MP3, M4A, AAC for iPod, iPhone, Apple TV, Sony PSP, Microsoft Zune, Creative Zen players and many other portable players. Rip DVD to 3GP, MP3, WMA, WAV, AAC, M4A, Flac, MPC, OGG for playback on almost all mobile phones.

Key Feature

Suited for both veterans and beginners:

If you are a veteran, you will find there are so many options you can set, if it's the first time you rip DVDs, you don't have to consider these options, just use default settings and rip DVDs in a few clicks.

Automatically check your CPU type :

DVDzip can check your CPU type automatically, that ensure you can rip your DVDs with the best ripping speed.

Support preview:

You can preview the movies before you begin ripping them, even you can watch the movies at the same time when you are ripping DVDs.

Note: There is no sound when you are ripping DVDs.

Select chapters to rip at will:

You can rip entire DVD movie or just one or several chapters;

Easy-to-use user-friendly interface:

Most functions can be called up with a simple mouse click or menu selection. You can conveniently make skins for DVDzip through our color scheme system.

Flexible setting:

DVDZip is able to automatically detect the input video formats and then set the application's parameters for the best possible performance. The default parameters work in most cases, but you can change them easily to best suit your needs.

Support batch conversion:

Select all files you want to rip and DVDZip will automatically copy them one by one.

Excellent image and sound quality :

Using DVDzip, you will get the movie formats you want with excellent image and sound quality.

(with DivX/XviD support) and handled devices like Sony PSP, Apple iPod, Portable Media Player (PMP), and Transfer video files via Infrared, Bluetooth or USB cable.?
