EarthSoft Bluray DVD Copy can help you to copy Blu-ray disc and freely do Blu-ray backup to DVDs (including DVD-9 and DVD-5). EarthSoft Bluray DVD Copy does a great job in Blu-ray copy. What you need is to backup your precious Blu-ray movie data to the computer drive first, and then, burns the temporary Blu-ray information to the blank DVDs.

In case of accidental damage or loss, the Blu-ray DVD Copy is necessary for you. Backup contents of Blu-ray discs (BD) to DVDs before they were damaged, and the copying speed and quality will be also guaranteed. EarthSoft Bluray DVD Copy will help you easily create Blu-ray backup for future use.

Key Features

Complete Blu-ray Copy

Copy Blu-ray to common DVDs (DVD-9 and DVD-5) easily and quickly, and the created DVDs will be played in computers with drives and actual DVD players.

After-done action

The software provides you with after-done actions, like rebooting your computer, shutting down the computer automatically, or doing nothing.

Revise the title of the blu-ray disk

You can revise the title of the blu-ray disk you import to be "My Blu-ray_01", etc. or any name you like.

Freely select audio language

Select any one audio language for the created DVD.

System Requirements

- OS Win2000/2003/XP, Windows Vista, 64-bit OS
- Processor 1GHz Intel/AMD processor or above
- RAM 512MB memory or above
- Drive supporting blu-ray disks
