Emicsoft Blu-Ray Ripper Ultimate contains multiple professional and powerful programs which can meet users' various needs to deal with multimedia files.

Blu-Ray Ripper: Professional Blu-Ray ripping software can rip Blu-Ray DVD disc to almost all popular video/audio formats for playback on iPod, iPhone, PSP, PS3, Xbox, Wii, BlackBerry, Gphone, and mobile phone.

HD Video Converter: The built-in Video Converter software can convert MTS, MTS, TP, TRP, TS, MOD, TOD and more HD videos created by Sony, Canon, Panasonic and JVC camcorders to video/audio formats.

DVD Copy: Backup your DVD movies in 1:1 ratio including DVD disc, DVD folder and ISO image files.

iPod Transfer: A very good iPod manager software which can do more than iTunes including iPod backup, computer to iPod transfer, iPod to iTunes transfer.

Emicsoft Blu-Ray Ripper Ultimate is really so powerful. You can free download and experience its power.

Key Features

Rip Blu-Ray DVD movies
The blue ray converter software supports importing Blu-Ray DVD disk and DVD folder (all titles or chapters) and convert to various video/audio formats to fit for playing on popular digital players and mobile phones.

Rip standard DVD to other formats
Import DVD disk, DVD folder or DVD IFO files into the Blu Ray Converter and convert to any supported format easily.

Convert video/audio formats
With the addtional Video Converter, users can convert between all popular video and audio formats without any quality loss.

Convert High-Definition videos
The powerful converter supporting converting HD videos to general video formats and vice versa. For example, you can convert MTS/M2TS to AVI, or convert AVI to HD MP4.

Manage iPod/iPhone easily

Transfer from computer to iPod/iPhone: you can use this tool to import music, video, photo, playlist and more files to your Apple player from computer instead of iTunes.
Convert DVD/video/audio: the converter software can convert DVD movies and video/audio files to iPod/iPhone supported formats with just a few clicks.
Backup iPod/iPhone: as the best backup software, it can copy all files on iPod/iPhone to your computer.
