Main Functions

DVD Copy Software Copy DVD to DVD perfectly in 1:1 ratio

The DVD copying software allows you to copy DVD to DVD completely, such as copying DVD from DVD-9 to DVD-9, DVD-5 to DVD-5 in 1:1 ratio.

copy DVD movie Compress DVD-9 to DVD-5 with high quality

If you want to copy DVD movie from a dual-layer disc to a DVD-R, the DVD copying software can compress DVD-9 movie to DVD-5 with high DVD copy quality.

DVD copying Copy DVD to computer for backup

You can also backup DVD to your computer, e.g. copy DVD movie to ISO file or DVD folder and backup DVD on your hard drive.

DVD copying software Burn DVD folder/ISO to DVD

The DVD burning can also be done with this DVD backup software. Load DVD folder or ISO file as source, and copy ISO file or DVD folder to DVD disc.

DVD copier Copy main movie only

Full disc copy mode allows you to copy the whole movie entirely, while main movie copy mode will copy main movie only with extras and special features omitted.

Key Features

- This DVD copy software can copy DVD-9 movie entirely to 8.5GB dual-layer

recordable disc (DVD+R DL, DVD-R DL) in 1:1 ratio.

- ImTOO DVD Copy Express has higher compatibility than other DVD copy software: copy DVD to any disc including dual-layer DVD with any DVD+RW/-RW burner to play on all DVD players.
- Keep all audios/subtitles, choose one audio/subtitle, or copy DVD without audio/subtitle to copy DVD movie according to your own need.
- Optionally remove menu when copying DVD to ensure the best DVD quality. And you can choose to include and skip menu for playing target DVD disc directly with menu skipped.
- If your inserted RW disc is not blank, the DVD copy software will prompt and help you erase it for rewriting the disc.
- Using this DVD copier to copy DVD movie is so easy: just load your DVD, click "Start Copy", and insert a writable disc, then get your copied DVD disc with great quality.
- The interface languages include English, German, Chinese and Japanese. And several skins are selectable for you.
