Frustrated at not being able to convert and burn your favorite clips onto a DVD disk because it is not compatible? Want to make the videos taken by iPhone 4 into DVD movie? **ImTOO DVD Creator** is your solution. Feature-rich DVD-burning software, ImTOO DVD Creator can convert and burn different video formats (even HD) such as AVI, MPEG, DivX, MKV, MP4, and WMV to DVD movies, as well as create DVD folders and ISO images from them.

ImTOO DVD Creator also features a range of powerful DVD authoring functions for making customized DVDs such as creating personalized DVD menus, clip video segments, add soundtracks and subtitles to DVDs, as well as editing video effects. With support for multithreading and multi-core processing, ImTOO DVD Creator can convert any file within moments. Download ImTOO DVD Creator for FREE now!

Main Functions

DVD Creator

Create and burn DVD movies from WMV, MP4, MKV, AVI, DivX, Xvid, HD camcorder videos (M2TS, MTS, TS), iPhone 4 MOV videos, etc.

DVD Burning Software

Aside from burning file formats such as MP4 and WMV to DVD-Video discs, ImTOO DVD Creator can also create ISO images and DVD folders from multiform video files.\

DVD Menu Creator

Choose from a range of preset DVD menu templates to create a DVD menu before burning your DVD movie; add picture, music and title to customize your DVD menu.

Customize Your DVD

Create DVD menu, clip video segments, edit video effects, or add audio and subtitles to personalize your DVD movie before burning.

Multithreading and Multi-Core Processing

All DVD editing and conversion processes are done with the fastest CPU speed possible.

Key Features

- Cut out segments you want from a video, then merge and convert them to a DVD movie.

-
- Crop the frame size, adjust image effects, and add picture or text watermarks before burning DVD movie.
 - Pick and attach your favorite audio tracks to the video and optionally set the audio delay and loop options.
 - Add different language subtitle files to your DVD movie, and optionally set the style, position and delay time.
 - ImTOO DVD Creator allows you to adjust the video/audio quality, TV standard, bit rate, video aspect, resize mode, sample rate, among others.
 - Set video thumbnails for the DVD menu from video clips or frames.
 - Create DVD chapters.
 - Burn DVD with the title menu skipped.
 - Supports DVD-R, DVD+R, DVD-RW, DVD+RW, DVD+R DL, and DVD-R DL as the target DVD disc type.
 - Comes with a built-in player to preview your video files before burning.
 - Preset your application to auto exit, hibernate, shut down your system, or turn it to stand by after burning to save energy.
