Suited for both veterans and beginners:

If you are a veteran, you will find there are so many options you can set, if it's the first time you rip DVDs, you don't have to consider these options, just use default settings and rip DVDs in a few clicks.

Auto check your CPU type:

Check your CPU type auto, that ensure you can rip your DVDs with the best ripping speed.

Support preview:

You can preview the movies before you begin ripping them, even you can watch the movies at the same time when you are ripping DVDs.

Rip at will:

You can rip entire DVD movie or just one or several chapters;

Easy-to-use interface:

Most functions can be called up with a simple mouse click or menu selection. You can conveniently make skins for isoft DVD Ripper through our color scheme system.

Flexible settings:

iSoft DVD Ripper Platinum is able to automatically detect the input video formats and then set the application's parameters for the best possible performance. The default parameters work in most cases, but you can change them easily to best suit your needs.

Support batch conversion:

Select all files you want to rip and smart DVD Ripper will auto copy them one by one.
