iSofter DVD to MP4 Converter is fast, easy to use DVD to MP4 converter software which helps you convert your video DVD to MP4, including VOB to MP4 converter.

Compared with other DVD to MP4 converter, it is much easier to customize and offers a higher level of customization as it allows you to convert DVD by custom file size, rip DVD's any segment, supports select target subtitle and audio track, and so on.

The MP4 Ripper also supports rip vob format to WMV/Divx/XviD. In addition, the MP4 video converter provides a powerful way to convert audio formats to MP3, AAC, M4A.

So easy to use and fast than ever before, just few click to convert DVD to MP4 to play on iPod, Archos, Creative Zen and MS Zune player.

Key Features

Rip at will:
You can rip entire DVD movie or just one or several chapters;

Optimized profiles
With optimized profiles, you can convert DVD Movie to MP4 Video or any other MP4 player or format only one click

External codec Support
Our program can use external codec's power feature to optimize the output video quality

Vob Scan support
With vob scan support you can open ifo file's or rip your vob file to any video format

Suited for both veterans and beginners:
If you are a veteran, you will find there are so many options you can set, if it's the first time you rip DVDs, you don't have to consider these options, just use default settings and rip DVDs in a few clicks.

Super fast speed:
it full supports Intel Pentium D Dual-Core Processor and AMD Athlon 64 X 2 Dual-Core Processor which ensures full use of your CPU.

All-In-One:
All encoders/decoders are built-in and you can convert all formats once downloading it, no other software needed.

Flexible setting:

iSoft DVD to MP4 Converter is able to automatically detect the input video formats and then set the application's parameters for the best possible performance. The default parameters work in most cases, but you can change them easily to best suit your needs
