So easy to use and fast in speed that just a few clicks are enough to convert DVD to 3GP format any play it in your Nokie,Motorola (Moto),LG,Samsung, Sony Ericsson mobile phone!

Key Features

Optimized profiles

With optimized profiles, you can convert DVD Movie to 3GP Mobile Phone or any other MP4 player or format only one click\

External codec Support

Our program can use external codec's power feature to optimize the output video quality

Vob Scan support

With vob scan support you can open ifo file's or rip your vob file to any video format

Suited for both veterans and beginners:

If you are a veteran, you will find there are so many options you can set, if it's the first time you rip DVDs, you don't have to consider these options, just use default settings and rip DVDs in a few clicks.

All-In-One:

All encoders/decoders are built-in and you can convert all formats once downloading it, no other software needed.

Rip at will:

You can rip entire DVD movie or just one or several chapters;

Flexible setting:

It is able to automatically detect the input video formats and then set the application's parameters for the best possible performance. The default parameters work in most cases, but you can change them easily to best suit your needs
