Lenogo DVD to iPhone Converter is the fastest DVD movie to iPhone video converter software so far in the world. With Lenogo DVD to iPhone Converter, you can convert almost all kinds of DVD to iPhone video (mp4) format. Its conversion speed is far faster than real-time, converting one DVD movie only takes half an hour in some high-end computers. Lenogo DVD to iPhone Converter supports single-step conversion of DVD video into iPhone-ready MPEG-4 format while some other soft wares need two steps which wastes unnecessary time. Lenogo DVD to iPhone Converter is the most powerful DVD to iPhone Converter software. With Lenogo DVD to iPhone Converter, you may capture and convert any segment of a DVD movie to iPhone mp4 format, you may select target subtitle, and you may select audio tracks. Another function is that you may pause converting process any time and the converted part won't be lost. This is especially useful when you have to stop for another job.

Lenogo DVD to iPhone Converter is the easiest DVD to iPhone Converter software. It is as easy to use as just a few clicks to convert a DVD to iPhone! Lenogo DVD to iPhone Converter automatically detects your hardware configuration and decide an optimized conversion scheme. Its preview display enables you to observe the whole converting process, making the waiting time enjoyable!
