Lenogo Video to iPhone Converter is a professional video to iPhone converter software. Its standards-based encoding algorithm ensures that the videos you create have best quality, and video conversion has never been easier or more cost-effective. Its conversion speed is 3 times of the playback speed, even faster than real-time.

AVI, MPG, MPEG, ASF, WMV, MOV, 3GP, AMR, FLV, FLIC, SWF, RM, RMVB to iPhone Converter.

Lenogo Video to iPhone Converter is the most powerful Video to iPhone converter software. It automatically converts almost all formats of video files that are already on your computer (AVI, MPG, MPEG, ASF, WMV, MOV, 3GP, AMR, FLV, FLIC, SWF, RM, RMVB etc.) into a format that's compatible with iPhone video, that is, iPhone mp4 format. The latest upgraded version 4.2 fully supports the files of Real Media versions 8, 9, 10, and Apple's MOV files (compressed MOV files included) with channels 5.1, 6.1, 7.1.

Lenogo Video to iPhone Converter is the easiest video to iPhone converter software. This user-friendly software is so easy to use that just a few clicks completes the task of converting a video to iPhone! The Program automatically detects your hardware configuration and decide an optimized conversion scheme. Its preview display enables you to observe the whole converting process, making the waiting time enjoyable! Another function is that you may pause converting process any time and the converted part won't be lost. This is especially useful when you have to stop for another job.
