**Convert SWF files to video for smooth, easy playback on portable devices and by any media player on Mac, Windows or Unix.**

**Movavi SWF to Video Converter** gives you a convenient way to convert cute and funny cartoons in SWF format to video for viewing on Mac or PC. Prepare SWF files for DVD players. Save artistic and tempting commercials in SWF format into MP4 format - perfect for playing back on Apple iPhone, iPod, Sony PSP, and other mobile devices. Make your favorite cartoon character speak with your voice - record and overlay narrations.

#### **Key Features:**

- Convert SWF files to video for viewing on Mac or PC.
- Prepare SWF files for DVD players.
- Save SWF files for Apple iPhone, iPod, Sony PSP, and other mobile devices.
- Record and overlay narrations.
- Choose codec, resolution, and other settings to get the best results.

#### **Convert SWF Files to Video Formats**

Funny, smart SWF videos are going viral all over the web. How would you like to grab a few and watch them later – or share them with your friends? Movavi SWF to Video Converter gives you a convenient way to get these vids in your media collection, so you can play them back with any media player on Mac, Windows or Unix, not just Adobe Flash Player.

#### **Save SWF files to Portable Devices**

For even more convenience, use Movavi SWF to Video Converter to encode videos into MP4 format - perfect for playing back on Apple iPhone, iPod, Sony PSP, and other mobile devices. You can easily set the resolution supported by your portable device manually or choose a ready-made preset for iPod and iPhone.

#### **Add New Soundtrack to your SWF Files**

Ever wanted to change the audio on a Flash video – or even add a completely new soundtrack your own? Now you can. Just select the Sound checkbox on the Audio Settings tab and choose Microphone. Make your favorite cartoon character speak with your voice! And there's no need to lose the original track either - just choose Original sound.

#### **Minimum System Requirements:**

- Microsoft Windows 2000/XP/Vista/7 (installation of all recent updates is recommended)

- 
- The most recent version of Adobe Flash Player for your browser
  - Intel or AMD or compatible processors at 1 GHz minimum
