Moyea Video DVD Converter Ultimate is a composite all-in-one video DVD converter developed for you to convert and edit DVD and video format into various other formats including *.tivo, *.avi, *.wmv, *.mpg, *.mp4, *.mov, *.flv, *.swf, *.mkv, *.mp3, *.wma, *.m4a and *.vob so that you could enjoy movies either on PC or portable device such as iPod, iPhone, Apple TV, PSP, Gphone, Blackberry, 3G phone. With it you could not only convert DVD and video one by one, but also process them in batch or merge multiple files into one. What's more, its powerful editing functions will let you deeply love this tool.

Moyea Video DVD Converter Ultimate provides you a more convenient interface and much easier operation. It enables you to deal with DVD and video at the same time and avoid multi-pass operation.

Key Features

Outstanding integrated video converter and DVD ripper

Integrated the advantages of Moyea Video Converter and Moyea DVD Ripper, it supports conversion and rip almost all the audio, video as long as DVD with faster speed and fewer operation steps to save your money, time, and labor.

Modern, human design and easy-to-use interface

With its human designed and easy-to-use interface, importing, converting and exporting become easier and more intuitive.

Inlaid frame capture function

The inlaid frame capture function enable you to thumbnail any frame when playing video.

Customized Trimming and Cropping function

You could convert and output a specific time frame of video by trimming, and cut off unwanted area like black edge of the video by cropping.

Add text/ image/ video watermark allowable

Its watermark function allows you to add different watermark types, including text, image (including GIF), and video watermark.

Volume adjustable

You could adjust the volume from 0% to 400% of the original video or DVD volume when editing it.

Reversing or flipping video

When editing video/DVD, you could simply reverse or flip the frame via one click on the

corresponding button.

Deinterlacing

The deinterlacing option allows you to convert interlaced video into a non-interlaced form, so that you can enjoy a better and clearer video effect. Apart from that, the program provides other video effects like simple sharpen gray, flip color, invert, aged film etc.
