MP3 Ringtone Maker is a powerful audio cutter and super ringtone maker. It can cut mp3 segment from most audio files such as MP3, WMA and WAV. What you need to do is play the song you want to cut, then mark the start time and the end time. You can also play the selected song before you save it.

- Cuts small part from a large audio file
- Can set the start-time/end-time just when pre-listening to the song
- Supports MP3, wav,wma input format
- Supports MP3, AMR output format

Key Features:

- Cuts small part from a large audio file (MP3, WAV,WMA)
- Convert audio segment to MP3 or AMR file
- Can set the start-time/end-time just when pre-listening to the song
- Convert with high precision and no quality is lost
- View the MP3 file using wave graphics
- Provided with a slider bar, you can visually and quickly get to the point where you want to convert
- Convert directly without costing any other disk space
- Support MP3, WAV,WMA input format
- Support MP3 AMR output format
