Pavtube 3GP converter Suite is combined with Pavtube DVD to 3GP Converter and Pavtube Video to 3GP Converter, which is an all-in-one 3GP DVD ripper and video converter suite that enables you to rip DVD or convert Video to mobile phone video (3GP, 3GPP video). As a DVD to 3GP converter Suite, this program can convert your DVD movies to 3GP with very flexible options including subtitle selection, audio track selection, and language selection and so on. As a 3GP Video Converter, this program can convert most video formats such as AVI, MPEG, WMV, MOV, RM, DAT, ASF, FLV etc to mobile phone 3gp format. With this specially designed 3GP conversion tool suite, you can easily enjoy DVD movies and all the popular videos on your mobile phone freely.

- Convert DVDs and videos even images into 3GP.
- Amazing fast conversion speed.
- Personalized video making and editing functions.
- Various video optimization methods.

Main Features

Excellent Output Quality

Give you the excellent picture and high sound quality.

Super Ripping Speed

Fully support Intel Pentium D Dual-Core Processor and AMD Athlon 64x2 Dual-Core Processor; support multi-threading with no limitation in speed; detect your CPU model automatically; offer you the superb fast ripping speed beyond your imagination.

Fantastic Watermark Editing

If you need to add a logo, animation even other video to your output video, just use watermark editing function to realize your goal.

Set Video/Audio Effect

Rip DVD/Video with flexible video/audio settings: brightness, contrast, flip, and audio volume.

Customize the Output File

Conveniently customize, edit, and save the profile for later use; trim the needed time length and crop the image region through cutting off the black edges.

Catch the Thumbnail with One-Click

Easily catch the impressive image with one click to save as JPEG, BMP, or THM format.

Batch Conversion and Merging

Specify the max processes and select more than one file at a time; merge several chapters or titles.

All Decoders Built in

You will have no trouble in installing extra codec for ripping DVD to the popular formats.
