Burn Center

With the tools provided by Burning Center, you can easily make data discs, audio discs (Audio CD, MP3/WMA/AAC CD/DVD) and video discs (Video DVD/VCD/SVCD), make various disc image files (ISO, BIN, MDF, NRG etc.), and burn image files to blank discs.

1. Data Burning

You can backup your files and folders to a CD/DVD disc, make a bootable disc, and append data to an existing multisession disc.

2. Music Burning

Enables you to burn your favorite audio files to blank discs. It supports making audio CD, MP3/AAC/WMA audio CD, MP3/AAC/WMA audio DVD.

3. Video Burning

Enables you to burn your favorite video files to VCD, SVCD, DVD discs that can be played with a DVD player, or save them as disc image files on your hard disk, so you can enjoy them with your family and friends.

4. Make Image from Disc

Enables you to make disc image files in popular formats, such as ISO, BIN and APE, from audio, video CD/DVD to store them in your hard disk.

5. Burn Image File to Disc

Enables you to burn image files you previously made or downloaded from Internet in various formats, such as ISO, BIN, APE, NRG, CCD, IMG, DVD, MDS and MDF, to blank CD/DVD discs.

6. Burn DVD-Video Folder

If you have copied the folders in a DVD directly to your hard disk, you can use this tool to burn these folders to a video DVD disc that can be played with a DVD player.

Copy and Ripper

With the tools provided by Copy and Ripper, you can make copies of your data, audio and video CD/DVD discs completely, store the audio files in an audio CD/DVD and all or a part of the video films in a DVD disc into your hard disk.

1. Copy CD/DVD

Enables you to make copies of your audio, data and video VCD/SVCD/DVD discs easily and completely, regardless of copy protection. Note: Use this function only for backup personal collected discs to keep them from damage, do not use it for any commercial purpose.

2. Audio CD Ripper

Enables you to easily convert the audio files in an audio CD into popular formats, such as MP3, WAV, WMA, AAC, AU, AIF, APE, VOC, FLAC, M4A, OGG.

3. Rip DVD to Movie

Enables you to convert an video DVD to video files in popular formats, such as MPEG-4, ASF, AVI, DivX, XviD, FLV, WMV, RMVB. It supports converting DVD video to MP4, iPod, iPhone, PSP, Zune, and Mobile phone.

4. Rip DVD to Music

Enables you to convert an audio DVD to audio files in popular formats, such as MP3, WAV, WMA, AAC, AU, AIF, VOC, FLAC, M4A, OGG, RA. It supports converting each chapter to one audio file.

5. Rip DVD9 to DVD5

Enables you to compress and burn video files in DVD9 (volume: about 8.5G) to a blank disc in DVD5 (volume: about 4.5G) format. The video/audio quality can be kept almost unchanged.

Multimedia Center

With the tools provided by Multimedia Center, you can easily convert, split and combine your favorite multimedia files.

1. Music Converter

Enables you to easily convert popular audio formats, such as MP3, WAV, WMA, AAC, AU, AIF, APE, VOC, FLAC, M4A, OGG.

2. Video Converter

Enables you to easily convert various video formats, such as MPEG-4, AMV, AVI, ASF, SWF, DivX, Xvid, RM, RMVB, FLV, SWF, MOV, 3GP, WMV, PMP, VOB, MP3, MP2, AU, AAC, AC3, M4A, WAV, WMA, OGG, FLAC.

3. Video Splitter

Enables you to split a video file into several small video files. It supports automatically and manually splitting in average time length or size.

4. Video Joiner

Enables you to combine several video files into one video file.

5. Video Cutter

Enables you to cut a small video segment from a large video segment.

6. Normalize mp3

Enables you to adjust the volume of MP3 without any loss to the quality of tone. If you could analyze and adjust the volume of all the MP3 to the same level before burn them into an audio disc or copy them to your mobile phone, then you can listen to them without adjusting the volume with your player frequently.

Tools

Provides two useful tools for checking the information of optical drives and discs, and for erasing discs.

1. Drive and Disc Information

Enables you to check the information of all the optical drives and discs on your computer.

2. Erase Disc

Enables you to erase various rewritable discs.
