Screenshot	http://bluray-dvd-software.ampayer.com/pinnacle-mobile-media-converter-screenshot.html

Convert PC-based video files and non-copy-protected DVD movies into file formats that are compatible with popular mobile video devices and video-capable cell phones. It even supports the new Fit-to-Stick feature for the PSP.

It's easy to use—just select the file or DVD movie you want and hit START. Mobile Video Converter is fast. It uses top-quality DivX® technology and is optimized for hyper-threading technology and new generation dual-core processors.

Key Features

- Create iPod and PSP-compatible video files
