Why choose Pinnacle Studio HD Ultimate?

- Quickly import photos and video
- Easily drag and drop videos, photos, titles, effects, and music
- Automatically create music to fit the length of your movie
- Choose from over 2,000 2D/3D effects, transitions and other content—including professional Red Giant plug-ins
- Preview in real time using the player window or full-screen mode
- Create an immersive experience with Dolby Digital® 5.1 sound
- Export to popular formats or burn to DVD or Blu-ray discs

Brought to you by Avid, the world leader in professional audio and video creation technology, Pinnacle Studio HD Ultimate v.15 makes it easy to edit like a pro with intuitive new features, ultra-fast performance, and a massive content collection. Quickly import videos and photos—then edit scenes and make HD movies with over 2,000 effects and other content. Add interest with sophisticated animated titles, and produce your soundtrack with immersive Dolby Digital 5.1 surround. Then export your projects to popular formats—or burn to DVD or Blu-ray—and share them with the world. The unique new Archive and Restore tool conveniently preserves your work.

Key Features

- Import video and photos from video cameras, digital cameras, phones, DVDs, and more
- Edit HD video on your computer-with ultra-fast performance when using AVCHD and H.264-based formats*
- Organize your media using the project bin and favorite folders
- Included Montage templates give you a head start with easy-to-use, multi-layer animations, transitions, and titles
- Back up your work with the new Archive/Restore tool*
- Use the Motion Titler to create sophisticated animated titles-just drag and drop
- Add professional effects from award-winning visual effects company Red Giant
- Add incredible Dolby Digital 5.1 surround sound to your productions
- Use stop-motion capture for amazing animations and fast-motion effects
- Fix shaky camera shots with the same Avid technology used on major motion pictures
- Use the included DVD menus for a professional look
