Key Features

Turn ordinary pictures into extraordinary photos

The #1 selling consumer photo editing software on the Mac, Adobe® Photoshop® Elements 9 makes it easy to edit & enhance photos, and quickly share your memories in unique print creations, on the web, mobile phone and more.

Create spellbinding HD stories

FotoMagico™ 3 RE turns your photos and videos into a spellbinding High-Def story complete with music, transitions, text and more. Innovative text, transition and alignment tools ensure astonishing results.

Remove noise from digital audio & video

BIAS SoundSoap™ 2 SE and new Toast Plug-in let you automatically remove unwanted noise like wind, hissing, scratches, and pops from LPs, cassettes, or almost any audio, music or video soundtrack picked up by a DV camera's microphone.

Give your videos a custom soundtrack

SmartSound Sonicfire™ Pro 5 lets you easily orchestrate sophisticated soundtracks for your videos and slideshows. Automatically adjust music to fit your creative needs. Easily adapt the instrument mix to the changing moods of your productions.

Burn HD video to DVD and Blu-ray Discs™

BD Plug-in for Toast 11 lets you author your video to high-definition Blu-ray Disc™. Burn HD video to standard DVD discs and watch in HD on any Blu-ray player.

All the power of Toast 11

Toast 11 is the ultimate media toolkit that lets you easily capture, copy, convert and share

your digital media on disc, the web or any device. Make the most of Toast's completely redesigned, sleek and intuitive interface and built-in video tutorials.

Minimum System Requirements:

- Mac® computer with an Intel® processor
- 1 GB RAM (2 GB RAM recommended for Pro)
- Mac OS® X 10.5 or 10.6
- Approximately 1 GB (5 GB for Pro) of free space to install all components
- VideoBoost requires a compatible NVIDIA® card and 4 GB of RAM for optimal performance
- DVD drive required for installation
- Internet connected required for video tutorials, product updates, and other functionality

Enhance Your Toast Experience With:

- iPad™, iPhone®, iPod®, or Apple TV®
- CD, DVD, or Blu-ray recorder and media
- iLife®, Aperture®, or Adobe Lightroom®
- TiVo® Series2™, Series3™, TiVo HD / HD XL, or TiVo Premiere / Premiere XL DVR
- High definition AVCHD™, AVCHD Lite™, or Flip Video® camcorder
- BlackBerry® device or other mobile devices with MPEG-4, H.264, or DivX Plus™ HD playback
- Elgato EyeTV tuner, Turbo.264, or Turbo.264 HD video encoding hardware
- Xbox 360®, PlayStation® 3, Wii®, or PSP®
