**Tansee iPod Transfer Photo** is an easy to use backup software that lets you copy photos from your iPod to a Windows based PC with the least effort. A fully support for full resolution image transfer. Apple had integrated all your photos into an ithmb file which user can not access the content directly, Tansee iPod Transfer Photo utilizes iPod's internal database to display and transfer your iPod's photos instantly. With Tansee iPod Transfer Photo, iPod users can transfer iPod photos to PC easily. Tansee iPod Transfer Photo had many special settings for your personal iPod photo backup, you can customize browser style, backup file format (.BMP or .JPEG)... . We had also realized iPod auto detection feature, whenever you plug your iPod to the computer, Tansee iPod Transfer Photo could display all the iPod photos instantly. From now on, you can backup all your iPod photos to any computer. Try it, you will find more! Tansee iPod Transfer Photo is fully compatible with all existing iPods including iPod, iPod Photo, iPod mini, iPod shuffle, iPod nano, iPod video (including Harry Potter iPod and iPod U2), and new iPod shuffle, new iPod nano, iPod classic, iPod touch.
