Good news for video fans! **TOP Video Converter Suite** provides you with two products: TOP DVD Ripper, and TOP Video Converter, at the discount of 35%. With the help of the suite, the conversion of DVD to other video formats and the conversion of video to other video formats are both easier.

TOP Video Converter Suite can convert DVD and video to AVI, MPEG, WMV, DivX, MP4, RM, XviD, 3GP, etc.

With our suite, you'll find that all kinds of conversion can not be easier and faster. Now, here comes a great opportunity to you, and you can download our suite for free.

Enjoy the wonderful experience brought by the suite, and have a try right now!

Key Features

Input and output formats supported by TOP Video Converter Suite

- Support the input formats of DVD, ASF, AVI, MPEG, MP4, MKV, RM, WMV, FLV, etc.
- Support the output formats of AVI, MPEG, WMV, DivX, MP4, RM, XviD, 3GP, etc.

Output devices supported by TOP Video Converter Suite

- Supports MP3, MP4, iPhone, GPhone, PSP, PS3, Apple TV, iPod, Zune, Pocket PC palm computers, Creative Zen, Archos.

Automatically shut down the computer after file conversion

- Our suite supports the auto-shutdown function, and you can leave the computer at any time even if the conversion work is still going on.
- Don't worry and the computer can be automatically shut down after the conversion work is finished.

Preview the input files before conversion

- With our suite, you can preview the input files before conversion to check the correctness of the input files, select your favorite segments to convert and get a clear idea of the converted effect.

Batch conversion mode

-
- Replacing the traditional one-by-one conversion completely, batch conversion mode allows the input files to be converted in batches at a time.
 - Conversion speed is definitely increased, and much of your time is saved.

Capture images you like freely during the previewing

- During the previewing, if you like some images very much, you can capture them with a snapshot and store them in BMP format.

Customize parameters at will

- Provide multiple parameters for you to customize, such as audio quality, sound channel, etc.

Lifetime technical support and upgrade for free

- After successful purchase, you can get lifetime technical support and upgrade for free immediately.

System Requirement

- OS: Win2000/2003/XP, Windows Vista
- Processor: 1GHz Intel/AMD processor or above
- RAM: 512MB memory or above
- Hard Disk: 100MB or above
