As the best DVD Movie/Video Creator or DVD Burner, **uSeesoft DVD Creator** helps you convert and burn your videos to DVD files (DVD folder, ISO, VOB) and DVD disk (DVD 5, DVD 9) easily and with high quality. With this DVD Movie/Video Creator or DVD Burner, you can convert and burn video formats like WMV, AVI, MP4, ASF, 3GP, MOV, DivX, DAT, MPEG, etc to DVD. You can keep the favorite movies or the best moment of your family or friends in DVDs and save them forever on your DVDs. All the DVDs those you convert and burn can be supported on multiple DVD players.

Expect the basic converting and burning function, uSeesoft DVD Creator can help you edit your videos like crop, trim, do effect and add watermark. Of course, you can make your own DVD menu by selecting the templates preset in uSeesoft DVD Creator, adding your own pictures to make the background for menu, importing audio files into you DVD as the background soundtrack, etc.

Moreover, you can specify NTSC or PAL format, modify the video pixel between 16:9 and 4:3, preview your DVD before you burn to DVD disks, etc.
