Wondershare iPod Converter Suite is bundled by **Wondershare DVD to iPod Ripper** and **Wondershare Video to iPod Converter**.

Like many similar apps, Wondershare iPod converter suite, it can convert DVD or any videos to iPod supported video formats and resolution. But to give the program some credit, it is easy to use and convert DVD and videos with lossless video quality. It works with AVI, MPEG, VOB, WMV, and RM files and supports batch conversion. You can specify the video and sound quality and have the program automatically shut down the computer when it's finished.

It supports all iPod models including the latest iPod touch 3G and iPod Nano 5G (with build-in camera).

Wondershare iPod Video Suite is everything you need to put your DVD movies and video files on your iPod classic, iPod touch, iPod nano.
