Key Features

Fast Burn DVD from Videos on Mac top
Put all your ideas on DVD and convert video files to DVD movie

Video to DVD Burner
Create DVD from video files including 3GP, 3G2, ASF, AVI, DAT, DV, VOB, FLV, MP4, MKV, DVS(R)-MS, MPG, MPEG, TS, MOV, RM, RMVB, WMV, NSV, M2TS, MTS and even iPhone 4 videos (MOV).

DVD Creator Software
Convert videos in different file formats to DVD-Video, ISO file or DVD folder.

High Flexibility with DVD Disc Formats
Freely convert almost all popular video format files and burn them to DVD-R, DVD+R, DVD-RW, DVD+RW, DVD+R DL, DVD-R DL, DVD-5 and DVD-9.

Create DVD in Multithreading Mode
With multithreading supported, this Mac DVD creator offers the highest speed possible to burn video files to DVD.

Personalize Your DVD with DVD Menu Creator top
Make your DVD movie more personal with a stylish DVD menu

Preset Menu Templates
Choose from a selection of menu templates to create a customized DVD menu.

Customize DVD Menu
Add your own background music/picture, menu topic and opening film clip to DVD menu.

Create Title Thumbnail
Set any segment or frame in a video as the title thumbnail in DVD menu.

Skip DVD Menu
Enables "skip menu" to let the created DVD movie play directly, skipping the DVD menu.

Video/Effect/Audio/Subtitle Editor
Clip video, crop frame size, adjust video effect, add watermark, set soundtracks/subtitles and more

Clip Video
Pick out selected video clips and merge them into one to burn on DVD disc.

Edit Video Effect
Cut out unwanted borders from a video file; adjust video image effect and add special effects; attach picture or text watermark to personalize your DVD video.

Add Soundtracks
Add audio tracks to burn; set the audio delay time and loop option to burn a DVD disc with multiple soundtracks.

Add Subtitles
Add subtitles of different languages to the DVD movie; set subtitle style, position and delay time to fit the video as it plays.

Adjust Video/Audio Output Parameters
Various video/audio settings are adjustable: video/audio quality, bit rate, television standard, aspect ratio, resize mode, channel, sample rate, and others.

Create DVD Easily and Fast top
Provides you with flexible, easy and fast DVD burning experience

Play Video in the Built-In Player
There's a built-in player to preview the original and output videos before you create DVD; take snapshots of scenes and save as picture file.

Burn Rewritable DVD
Erase DVD disc contents and rewrite as a fresh new copy with Xilisoft DVD Creator for Mac.

Add Chapters
Add chapters automatically by setting interval under each title.

Extra Features
Choose burn target, write speed and burn copies; choose from English, French, German, Japanese and Chinese interfaces; and many others.
