- Convert any Blu-ray to AVI
- Free and professional customization

Key features

Convert any Blu-ray

XtoYsoft Blu-ray to AVI Ripper can remove all known AACS copy protections, all known BD+ copy protections, Region Code, BD-Live, UOPs and MKB V23 so as to convert any Blu-ray.

Convert from many sources

It can convert Blu-ray content from Blu-ray disc, from folder and ISO image file on the PC.

Output AVI files

Convert Blu-ray to AVI-H264 and AVI-XviD compatible with most popular multimedia players.

Control subtitles and audio track

You can choose many languages for the subtitles, and any audio track you like. You can also choose to display only forced subpicture according to your specific requirement.

Set the interface

The interface is easy to understand and smooth to operate, yet it can be also set to suit you.

Amazing converting speed

Batch conversion, multi-core CPUs and the newest NVIDIA CUDA are all supported, no doubt the converting speed is amazingly fast.

Convenient operation

Optimized and preset supported profiles make it easy to choose with no changing; real time title preview can help you set; you can view the detail converting progress; built-in codec will ensure you green operation environment.
