**ZC Video Converter** is the best choice for portable media device(iPod, iPhone, Mobile phone, Pocket PC, Sony PSP, Microsoft Zune, Apple TV ect) holder. It also can author and burn all video files to DVD movie and burn onto DVD Disc, then you will be able to playback on your TV DVD Player. You don't know any basic knowledge on media and portable device, that's not a problem, ZC Video Converter will do anything for you. Whatever you need to do is to 1-click to select the output profile settings, and then click start button, ZC Video Converter will finish the left mission for you, output the video movie and audio music you want.

### Highlights:

1. Limitation on free trial copy: full length conversion try-before-to-buy, full copy without any limitation when rip audio track from video file, extra DVD Burner module without any limitation.
2. Speed: the multi-thread design makes the conversion fascinating fast, specially when batch conversion.
3. Huge file support: support huge file input and output well, such as huge HD TV file over 20gb size.
4. Audio track selectable when input ts movie file.
5. Digital Dolby audio support when output mpeg2/DVD file.
6. Support digital device: almost all.
7. Share DVD Burner engine with Nero if you installed full copy Nero burner.
